Kevin Rearick is a web content specialist and graphic designer.

He discovered the Team in 2011 shortly after buying a jogging chair for his son Nathan and was grateful to have a group to run with.

Kevin lives in Canal Winchester with his wife Annette and Nathan. He enjoys running, listening to podcasts and striving to improve. He says there will come a day when he's no longer able to run but will keep trying to push that date back as long as he can!
